

### Marines reduce backlog in claims for reimbursements

Several Marines recently performed temporary duty at Marine Corps Logistics Command, with the Program and Resources Department, Transportation Voucher and Certification Branch. Their combined efforts resulted in processing over 3,000 Marine household goods moves claim reimbursements totaling more than 5.6 million dollars to Marines and their families. The Marines volunteered for the opportunity to join the LOGCOM, P&R, Transportation Voucher and Certification Branch team in their efforts to reduce an excessive backlog of claims due to the recent summer PCS travel increases and the loss of several qualified staff and Marine Reserve processors. The Programs and Resources Director recognized the Marines for their outstanding contributions in helping to significantly decrease the seasonal backlog by presenting each with a letter of appreciation for a job “Well Done.”

From left to right, CWO2 Geoffrey Collver reads a Letter of Appreciation to Sgt Aaron J. Scott, MCRD Paris Island, Beaufort, SC; Sgt Courtland T. Williams, 3rd Marine Logistics Group, Okinawa, JP; Cpl Austin C. Ackel, 2nd Marine Logistics Group, Camp Lejeune, NC; LCpl Timothy J. Soushekstevenson, MCRD Paris Island, Beaufort, SC; and LCpl Jacob K. Haddad, 2nd Marine Logistics Group, Camp Lejeune, NC.
