

1st FORCE STORAGE COMMAND

COMMAND PHILOSOPHY

The mission, the People!

It is truly an honor and privilege to be a part of 1st Force Storage Battalion and contribute to the great mission that is resident within this command. As we continue expanding in size, capacity and mission I ask that we keep a few things in the forefront of all that we do. **Little m, big P!**

The mission is why we are here and it will always come first! We exist to provide the Marine Corps with a superior capability in warehousing, care of supplies in storage, and limited field level maintenance for Marine Corps ground equipment and collateral materiel. We must strive every day to find innovative ways to do this but never lose sight of our most valuable assets, the People!

While we work diligently to accomplish the mission we will embrace and demonstrate the highest ideals of character, honesty and integrity. Whether a Marine, Civilian or Contractor, we will remain true professionals and experts in our industry. It is important that we maintain the standards, continue to invest in our education and create opportunities for those in our charge.

The mission will come first but we must always take care of our People. When our People are taken care of, our People will take care of the mission. **Little m, big P!** I look forward to serving with this team!

Semper Fidelis,

L. L. MCBRIDE

LtCol, U. S. Marine Corps

Commanding Officer, 1st Force Storage Battalion
