**MARCORLOGCOM PRODUCTS & SERVICES
PRODUCT/SERVICE DEFINITION**

As of: Monday, March 23, 2015 13:11

1. PRODUCT/SERVICE TITLE: The official name of the Product and Service
Maritime Prepositioning Ships (MPS) Program; Plans and Data Support

3. LEAD ORGANIZATION: Name of the organization overseeing the Product and Service.
Blount Island Command (BIC)

6. DESCRIPTION: A detail description or definition of this Product and Service (it's function, purpose, reason for existence.)

Plan, program, and execute the Marine Corps' Maritime Prepositioning Ships (MPS) portion of the Marine Corps' Maritime Prepositioning Force (MPF) program. Provide the full range and depth of logistics services and software systems support, for the Marine Corps' Prepositioning Programs which includes the Maritime Prepositioning Ships (MPS) Program and the Marine Corps Prepositioning Program-Norway (MCPN). Additionally, provide enabling operational logistics support to engaged Marine Corps and Department of Defense (DoD) operating forces to rapidly and successfully conduct and quickly recover from assigned missions across the full spectrum of expeditionary warfare and anti-terrorist operations. Homestation efforts focus on the \$6.4 billion dollars of equipment and supplies prepositioned within these two programs, and produce detailed ship plans for each MPS to enable production of equipment and supplies by prime logistics support contractor. Efforts provide services and products in support of the six major areas; Prepositioning Objective (PO) tailoring, planning support, technical data, logistics automated systems support, programming support, and software enhancement.
