**MARCORLOGCOM PRODUCTS & SERVICES  
PRODUCT/SERVICE DEFINITION**

As of: Monday, March 23, 2015 13:16

**1. PRODUCT/SERVICE TITLE:** The official name of the Product and Service  
Global Storage Guidance and Programs

**3. LEAD ORGANIZATION:** Name of the organization overseeing the Product and Service.  
Distribution Management Center (DMC)

**6. DESCRIPTION:** A detail description or definition of this Product and Service (it's function, purpose, reason for existence.)

Currently, each MEF has some level of a Storage Program for Principle End Items (PEIs) that is above operational/sustainment capacity, and vary in scope and management. Our intent is to develop a common framework for an Enterprise Program built on standardized requirements, processes and business rules, but modular enough to meet MARFOR/MEF specific requirements. A MARCORLOGCOM managed program will provide the MARFOR's/MEF's with an enhanced PEI storage program while relieving the burden of program management, will reduce or eliminate the need for active duty personnel sourcing requirements, and provide an opportunity to integrate with other MARCORLOGCOM led programs that are currently in direct support of the Operating Forces. MARCORLOGCOM will conduct receipt, storage, Care-of-Supplies-in-Storage (COSIS), inventory accountability, and provision of ready for service Principle End Items (PEIs) to MARFOR's/MEF's.
