## Dual Enrollment Information:

There are several dual enrollment programs which affords high school students the opportunity to take college courses during their matriculation in high school. By the end of their high school year, students can receive an Associate Degree when they graduate from high school. Several of the public high schools and private schools (9th-12th grade), have partnerships with the local and surrounding county colleges/universities. Dual enrollment can be discussed with your child's assigned Guidance Counselor once school enrollment and registration are complete. Please ensure your child has taken the ACT, SAT, or even the ACCUPLACER test to assist in the evaluation process.

These assessments are just a few examples of accepted placement testing scores colleges will use for participation in dual enrollment programs.
