# LSMC Organization Chart

**Our Mission:**

At the Logistics Services Management Center (LSMC), our focus is simple – *The Warfighter*...

*LSMC monitors critical Marine Corps Ground Equipment Supply Chain activities; plans, manages, executes, and integrates supply chain improvements; and manages multiple critical Logistics programs to ensure effective and efficient support to the warfighter.*

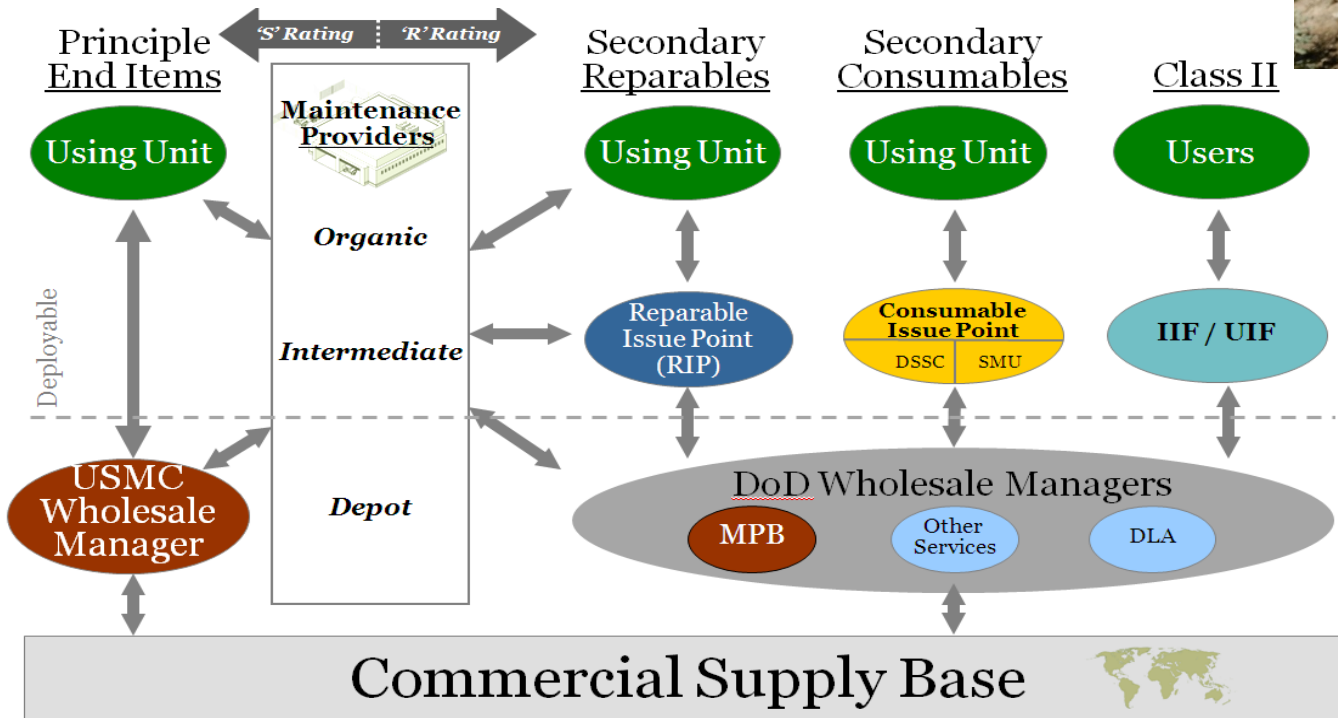

# Logistics Services Mgmt Center

## ...Our mission

### Mission:

**LSMC plans, manages, executes/oversees, and integrates improvements to the ground equipment supply chains, to ensure effective and efficient support to the warfighter.**

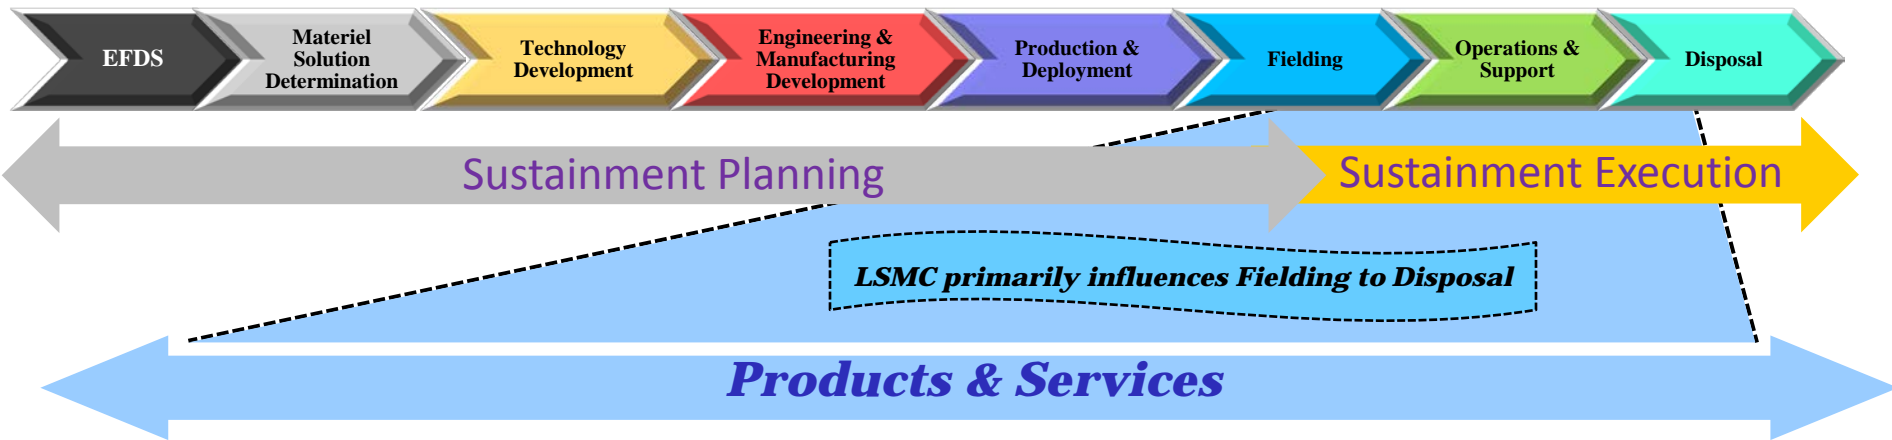

# Logistics Services Mgmt Center

## ... What we provide

### USMC Total Life Cycle Management Phases

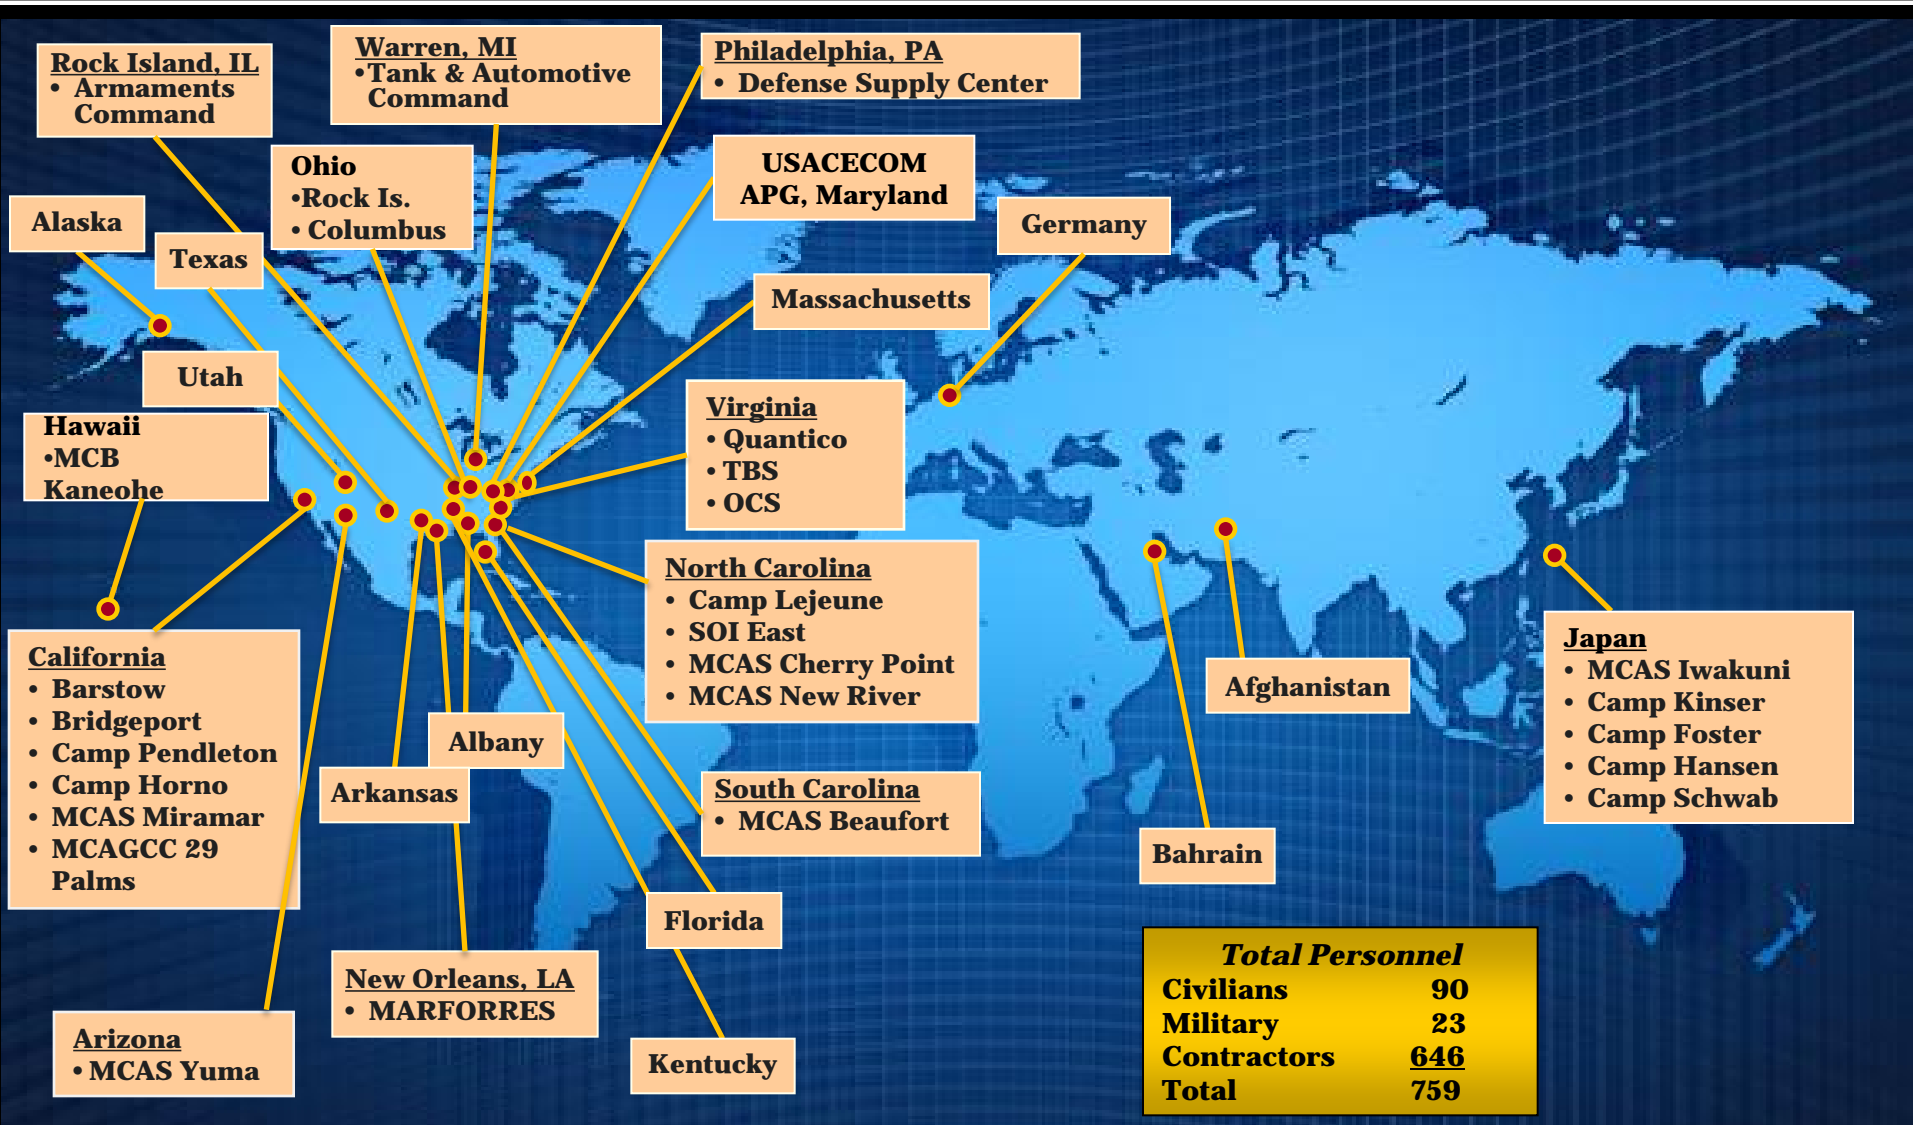

1. Consolidated Storage Program (CSP)
  2. Coordinated SECREP Mgmt (CSM)
  3. Supplier Relationship Mgmt (SRM)
  4. Small Arms Executive Agent (SAEA)
  5. Radiological Controls Program (RADCON)
  6. Equipment Receiving & Dist Teams (ERDT)
  7. C4I Sustainment Services (C4IS2)
  8. Shelf Life Mgmt
  9. Product Quality Discrepancy Report (PQDR) Mgmt
  10. Supplier Discrepancy Report (SDR) Mgmt
- Plus... JPEO-CBD Enterprise Fielding and Surveillance (JEFS)*

# Logistics Services Mgmt Center

## ...Around the globe

# *Logistics Services Mgmt Center*

## *...What do we provide?*

# Consolidated Storage Program (CSP)

Director: Mr. Jack Norton

# Consolidated Storage Program

## Description:

Consolidated Storage Program (CSP) is a global consolidated storage network of 52 issue and storage sites that is centralized managed at Marine Corps Logistics Command. CSP provides individual and organizational issue, recovery, storage, requisitioning, and maintenance management (including visibility, accountability, automated shelf-life management, and forecasting) for the following commodities:

- Infantry Combat Equipment (ICE)
- Chemical, Biological, Radiological, and Nuclear Defense (CBRN-D) Equipment
- Special Training Allowance Pool (STAP) Equipment
- Soft-Walled Shelters and Camouflage Netting (SWS&CN)
- \$2.2B inventory; over 22 million pieces

## Customers:

- MARFORs/MEFs
- Individual Marines/IAs
- MARCORSYSCOM
- HQMC
- TECOM/SOI
- NCR

Scope/Resources:
16.5 Civilian
0.1 Military
\$29.9M Contracts
Process 49,000 Items/Month (IIF)
Repair 36,000 Items/ Month
Calibrate 600 Items/ Month
Redistribute 15,000 Items/Month

# *Logistics Services Mgmt Center*

## *...What do we provide?*

# RETAIL INTEGRATION DIVISION (RID)

Director: Mrs. Wanda Swanier

# Coordinated *SECREP* Management

## Description:

Coordinated *SECREP* Management (CSM) program is an enterprise wide effort that enables collaboration among Marine Corps Operating Force Commanders, Supporting Establishments, and Marine Corps Headquarters, to improve and maintain effective and efficient *SECREP* support for Marine Corps Ground Equipment. CSM leverages enterprise information and resources to make *SECREP* management decisions to improve *SECREP* support to the warfighter while increasing efficiency of inventory investment and management at both the local and enterprise levels.

LSMC serves as the “Business Advisor” to the MARFORs /SE and provides:

- Embedded RIP support personnel
- Coordinated redistributions
- Facilitated allowance-setting
- Stock positioning
- Inventory accuracy (site visits)
- LIS Program coordination
- Transportation via TARP & ATAC
- Metrics, analysis, & reporting (eg. *SECREP* R)
- Process standardization / training
- SME for GCSS-MC
- Ad hoc support for Consumables mgmt

## Customers:

- MARFORs (RIPs, IMAs, Using Units)
- Supporting Establishment

Scope/Resources:
22.1 Civilian
13.4 Military
\$5.8M Contracts
~\$716M inventory
~2500 NSNs
9 Main RIPs

# Equipment Receiving & Distribution Teams

## Description:

ERDT provides on-site provisioning logistics support for equipment receiving and distribution functions to ensure control and accountability of newly-fielded equipment at Marine Expeditionary Forces (MEFs), Marine Special Operations Command (MARSOC), and Marine Forces Reserve (MARFORRES). This capability ensures a consistent and integrated process across the enterprise and promotes early visibility of equipment delivery.

- Personnel located at:
  - Marine Expeditionary Forces (MEFs)
  - Marine Special Operations Command (MARSOC)
  - Marine Forces Reserve (MARFORRES)
  - Operation Enduring Freedom (OEF)
- ERDT Contract re-compete in progress

## Customers:

- LOGCOM (FWD)
- HQMC
- All USMC Units

### Scope/Resources:

1.5 Civilian

0.1 Military

\$5.1M Contracts

Distributed 12K items

Accounted for 98.6% items

# *Logistics Services Mgmt Center*

## *...What do we provide?*

# SUPPLY INTEGRATION DIVISION (SID)

Director: Mr. Joseph Wingard

# Supplier Relationship Management

## Description:

Supplier Relationship Management (SRM) establishes and maintains productive relationships with Marine Corps Wholesale Suppliers in order to maximize supply support/responsiveness for the warfighter. Relationships with wholesale suppliers are developed and nurtured through the execution of regular, face-to-face visits, during which supplier performance metrics are reviewed, problems and successes discussed, and appropriate action determined.

- Manages wholesale supplier relationships
- Conducts face-to-face visits
- Monitors performance metrics
- Maintains 5 embedded liaisons
- OEF SMMR Direct Support

## Key Suppliers:

- Marine Corps (MPB)
- DLA
- Army
- Osh Kosh
- GSA

### Scope/Resources:

4.9 Civilian
5.3 Military
\$0.9M Contracts
10-12 suppliers total
14 supplier visits/yr

## Customers:

- Marine Corps Retail Level (RIPs/SMUs)
- Wholesale Suppliers
- Depots (PPA/PPB) *\*new\**
- SYSCOM

# *Small Arms Executive Agent (SAEA)*

## **Description:**

The Small Arms Executive Agent (SAEA) is responsible for management of the Marine Corps Serialized Small Arms Accountability Program. This is accomplished by monitoring:

- In-transit shipments and receipts
- MLSR Reports
- Crane Reporting

## **Customers:**

- All USMC Units
- LOGCOM (FWD)
- HQMC

### **Scope/Resources:**

3.9 Civilian

2.2 Military

\$0.7M Contracts

> 600,000 Small Arms

# *C4I Sustainment Services*

## **Description:**

Management of Contractor Logistics Support (CLS) sustainment services supporting over 70+ variants of C4I (Command, Control, Communications, Computers, and Intelligence) Weapon Systems. These are primarily commercial-off-the-shelf (COTS), modified COTS, and specially designed Information Technology (IT) hardware.

## **Customers:**

- MCSC/PEO and PM/Team
- MARCENT
- MARFORS
- MCIA

### **Scope/Resources:**

4.9 Civilian

0.2 Military

\$9.1M Contracts

105 Field Service technicians supporting 100 C4I Weapon systems

# *Product Quality Discrepancy Report Management*

## **Description:**

PQDR Program includes the full range of activities performed as the Screening Point for all ground equipment-related PQDRs from Marine Corps units and from other Services/Agencies related to Marine Corps assets. As the Screening Point, LSMC:

- Determines the scope of the deficiency and the appropriate Action Point
- Ensures the disposition of exhibits
- Performs analyses to identify developing trends pertaining to end items and equipment, major assemblies, components, contractor quality, etc
- Ensures investigation results and closing response are complete and accurate;
- Ensures restitution is authorized for deficient items
- Generates Stock Screening requirements as required

## **Customers:**

- All USMC Units
- MCSC

### **Scope/Resources:**

7.9 Civilian

0.2 Military

Closed 3,161  
dispositions in FY12

1,577 PQDR-WIP

# *Supply Discrepancy Report Mgmt*

## **Description:**

As the SDR focal point, LSMC provides administrative oversight of Marine Corps SDR's issued in PDREP and WebSDR to ensure dispositions are issued and appropriate corrective actions are taken in a timely manner.

- SDR process owner for Marine Corps
- Supervision & oversight
- Screen & process offline SDRs
- Receive & satisfy customer inquiries

## **Customers:**

- MARFORS (RIPs, SMUs, IMAs, Using Units)
- DLA
- LOGCOM (BIC, PPA, PPB)

### **Scope/Resources:**

2.9 Civilians

0.2 Military

~1300 SDRs annually

# Shelf Life Management

## Description:

LSMC serves as the LOGCOM focal point for all matters related to the shelf life for wholesale inventory items.

- Monitor Shelf Life Code Accuracy, Storage Standards, Inspection/Test Criteria, Shelf Life Discrepancy Reports and Disposition Instructions for Condition Codes J/K/L
- Provide Training and Shelf Life expiration tracking/resolution (DD Form 1225)
- Coordinate policy/procedure reviews/updates
- Serve as Shelf Life liaison with HQMC I&L and DLA Headquarters

## Customers:

- LOGCOM
- HQ I&L
- DLA

### Scope/Resources:

2.9 Civilian

0.2 Military

55,000 Assets with C/C J,K,L

Represents \$65M of suspended stock

# *Logistics Services Mgmt Center*

## *...What do we provide?*

# Radiological Controls Office

## (RADCON)

Director: Mr. Mitch Hicks

# Radiological Controls Program

## Description:

RADCON Office serves as the focal point for the control and management of radioactive commodities in the Marine Corps, under the LOGCOM Naval Radioactive Materials Permit (NRMP). As the Logistics Radiation Safety Officer, RADCON is also responsible for radioactive materials inventory and inventory reconciliation.

### Inventory Control

- Semi-annual Inventory
- Maintain proper custody records
- Proper transfer & transportation
- Proper disposal

### Auditing & Compliance

- Periodic site visits
- Incident reporting
- Investigations
- Face to the Regulators

### Training & Guidance

- Program requirements
- Hazard awareness
- Health Physics SMEs

## Customers:

- MARFORS
- US Army
- Nuclear Regulatory Commission
- Navy Radiological Affairs & Support Office

- LOGCOM
- HQMC (SD)
- All USMC Units possessing radioactive material

Scope/Resources:
7 Civilian
0 Military
\$18K Contracts
26 Radiological Items
310 pieces in use on permit 221,631 pieces in use not on permit, managed by LOGCOM
